Are you interested in investing?

In We are planning on taking on direct investors – as we advance out technologies.

We are currently looking for a few Seed/Angel Investors to develop our Hydro-Mine Prototypes. We will then move to a Series A investor to allow us to scale our sales operation (a date will be announced).

The investment funds are fully compliant with the Enterprise Investment Scheme (EIS). If you require more details about this investment opportunity or wish to express your interest in upcoming investment rounds, please get in touch using the form below. However, please bear in mind that investing in such opportunities involves risks to your capital, and you should invest wisely.
